

**New Jersey State First Aid Council, Inc.  
Cadet Liaison Committee**

**TO: Council Districts and Member Squads**

**FROM: Paul Allena  
Cadet Committee Chairman**

**SUBJECT: 2000 Cadet Scholarship Program**

**DATE: February 27, 2000**

The success of the Cadet Scholarship Program over the past nine years is an example of the support, dedication and commitment of our Council membership. There are many districts and individual squads who have been strong supporters of this program and I cannot thank you enough for your extreme generosity to our program.

Many of you have been fortunate to attend our scholarship presentation programs over the years and I am certain that you have been impressed with the caliber of individuals that we have rewarded for their volunteer efforts. In recent years, corporate support for our program has decreased significantly and we are now turning to you, the membership of the New Jersey State First Aid Council for financial assistance in maintaining the scholarship program.

I would ask that at your next District or Squad meeting, you consider making a contribution of any amount to our 2000 Cadet Scholarship Program. Your contribution will ensure that our program can continue to recognize the future leaders of volunteer EMS in New Jersey. Should you have any questions or any funding sources, please contact me at (908) 218-4048 or by e-mail at: [pallena@aol.com](mailto:pallena@aol.com).

Thank you again for your support and consideration in maintaining this very important program for our young volunteers.
